Recruit for success:

- Who should you add to your APPLE Team?

Institutional resources

NCAA/National resources
90% of schools that completed ≥ 50% of their action plan scheduled their 1st meeting either at the conference or within 2 weeks.
 Set meetings for the rest of the semester.
 Set high expectations and watch them grow!
 Work toward excellence, not just checking a box to get it done.
Teams who were LESS successful reported:

- Time or personnel constraints
- The APPLE team no longer meets
- Turnover in athletics department staff
- Attempting to work on multiple slices
- Wasting energy by dwelling on problems instead of focusing on solutions
Keeping Score

✓ Who will track your APPLE info?

✓ How and where will information be stored and shared?
EVALUATE!

Compare student awareness, attitudes and/or behaviors before and after your action plan implementation.

- Focus groups
- In-depth interview
- Survey data
Please provide

- Your name
- School
- City
- Slice

- BRIEF overview of your action plan project
