INDIANA LIFE LINE LAW
Indiana Lifeline Law; Indiana Code 7.1-5-1-6.5

- Passed in 2014
- “Indicates that a law enforcement officer cannot take a person into custody based only on an underage drinking offense, if the officer has determined that the person requested medical assistance for a person in need…” (7.1-5-1-6.5)
- Must cooperate with law enforcement and remain at the scene.
“Incoherent”

“Puking on Himself…”

“No one wanted to call 911…”

“Pissed his pants…”

“couldn’t even hold her self sitting up”

“One of the scariest things I have ever seen… knowing I should have called 911…”

“Fell out of his truck…he had to army crawl quite a ways.”
“One of the scariest things I have ever seen... knowing I should have called 911...”
Does:
- Hugs closely to Indiana Lifeline Law
- Provides immunity from negative athletic department sanctions
  - Urging student-athletes to call 911 in alcohol-related medical emergencies rather than fearing athletic consequences
  - Mandates substance and/or emotional counseling

Doesn’t:
- Does not promote drinking (one time pass)
- Does not provide immunity from university sanctions
- ONLY for alcohol-related medical emergencies
